A is for ADAM
the very first man
Created by God
as part of His plan.

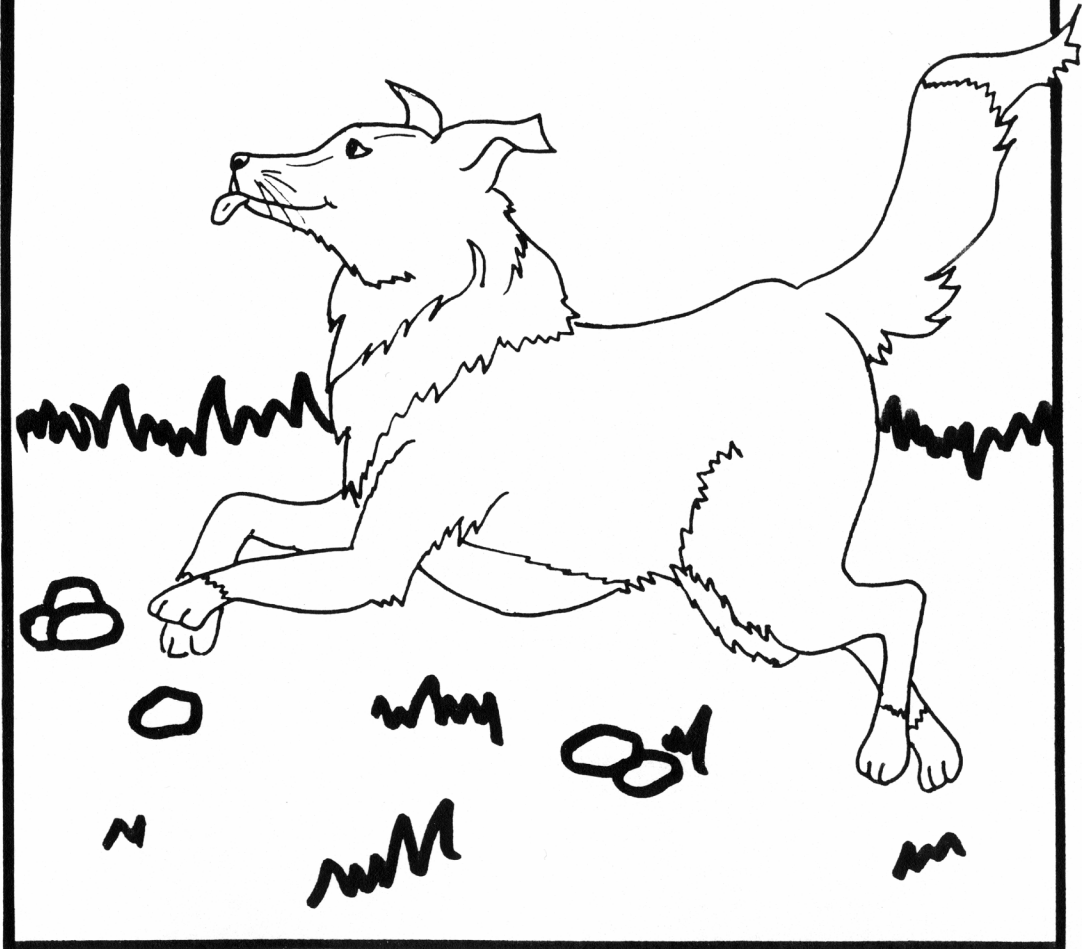

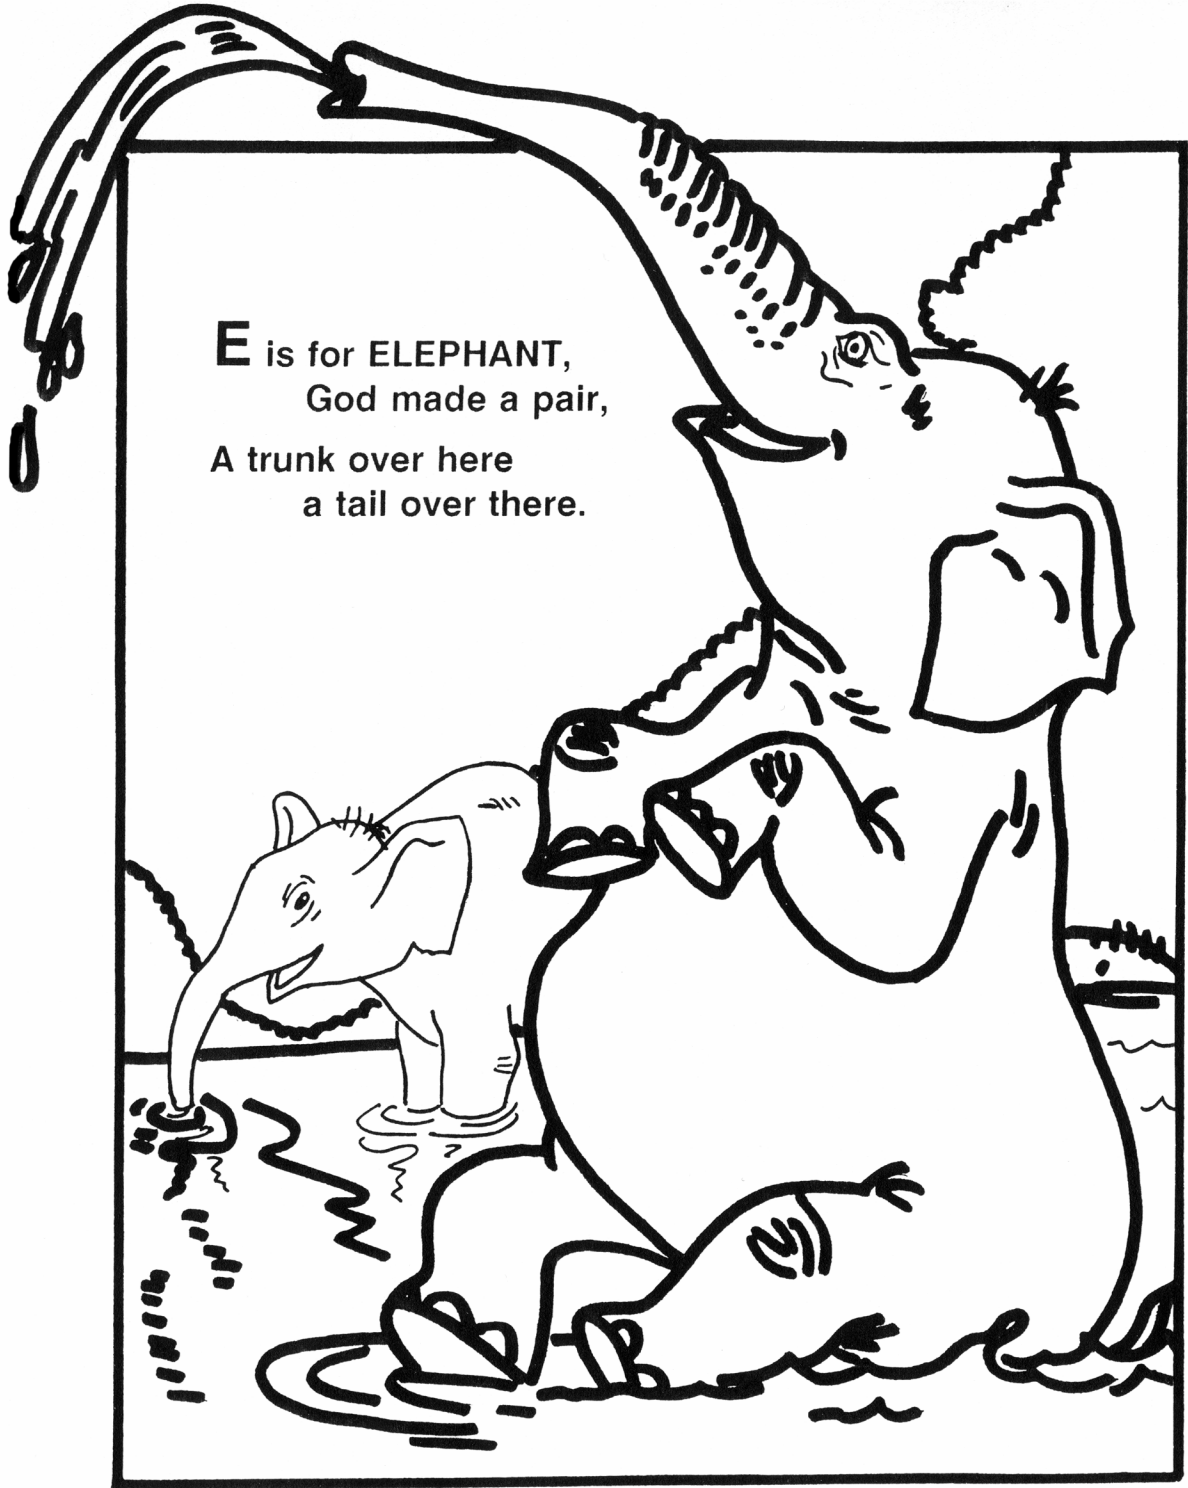

B is for BIRD
created to fly
Above the earth,
high in the sky.

C is for **CHRIST**
who created all creatures
He formed them and made them
and gave them their features.

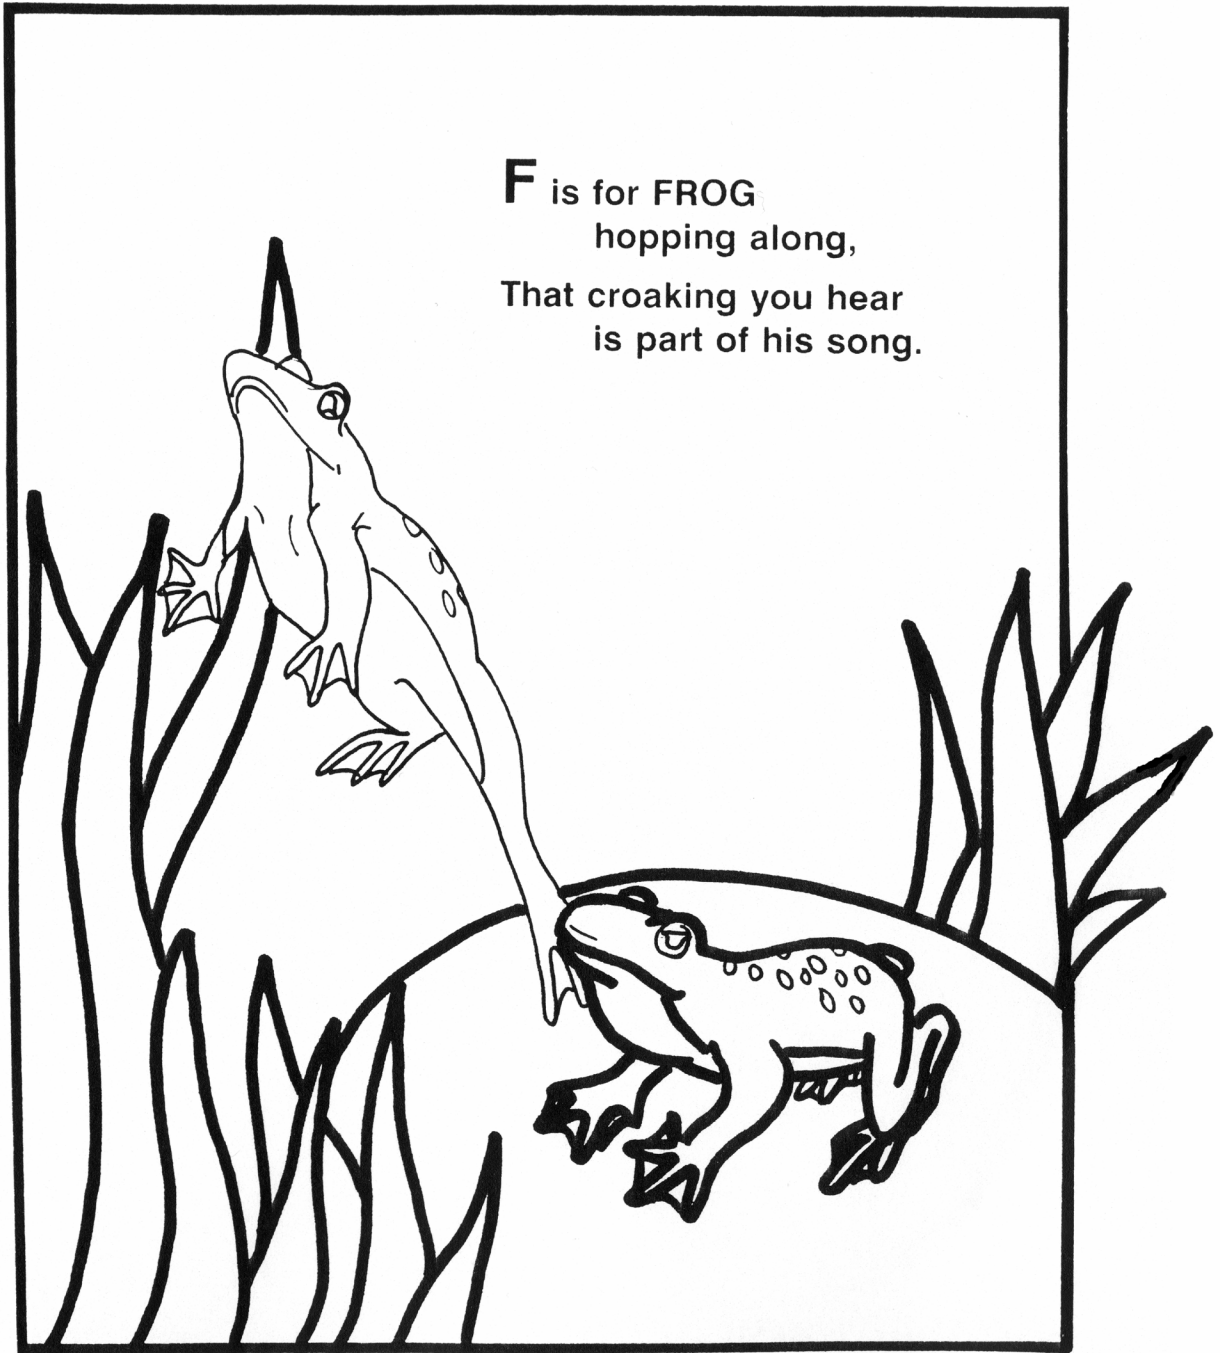

D is for DOG,
he is so much fun
When you call him
he comes on the run.

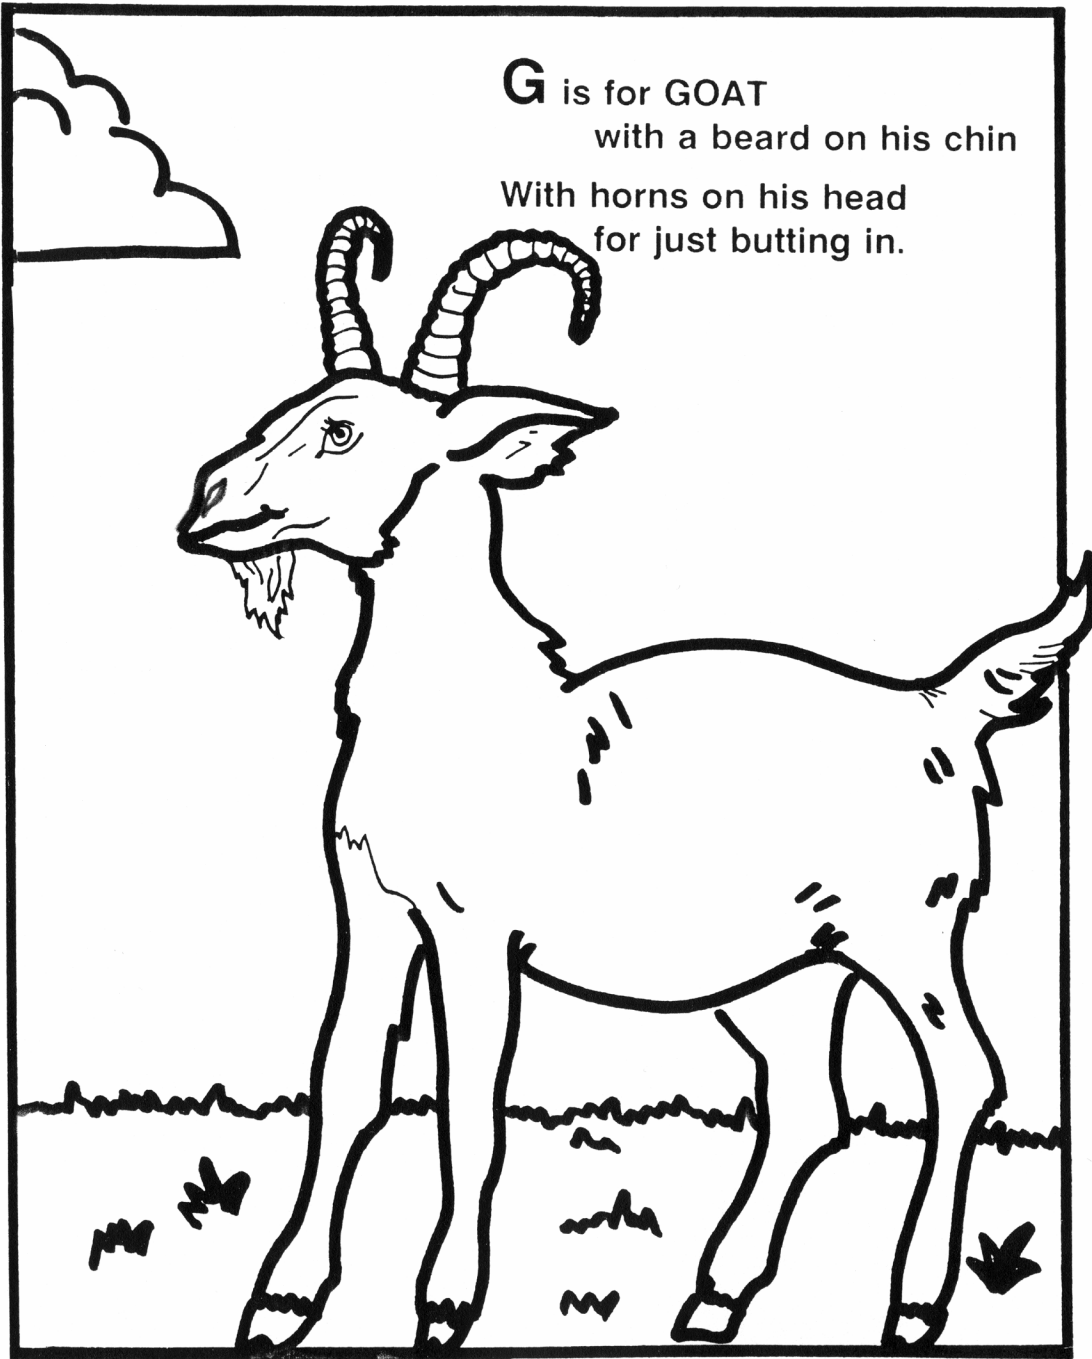

E is for ELEPHANT,
God made a pair,
A trunk over here
a tail over there.

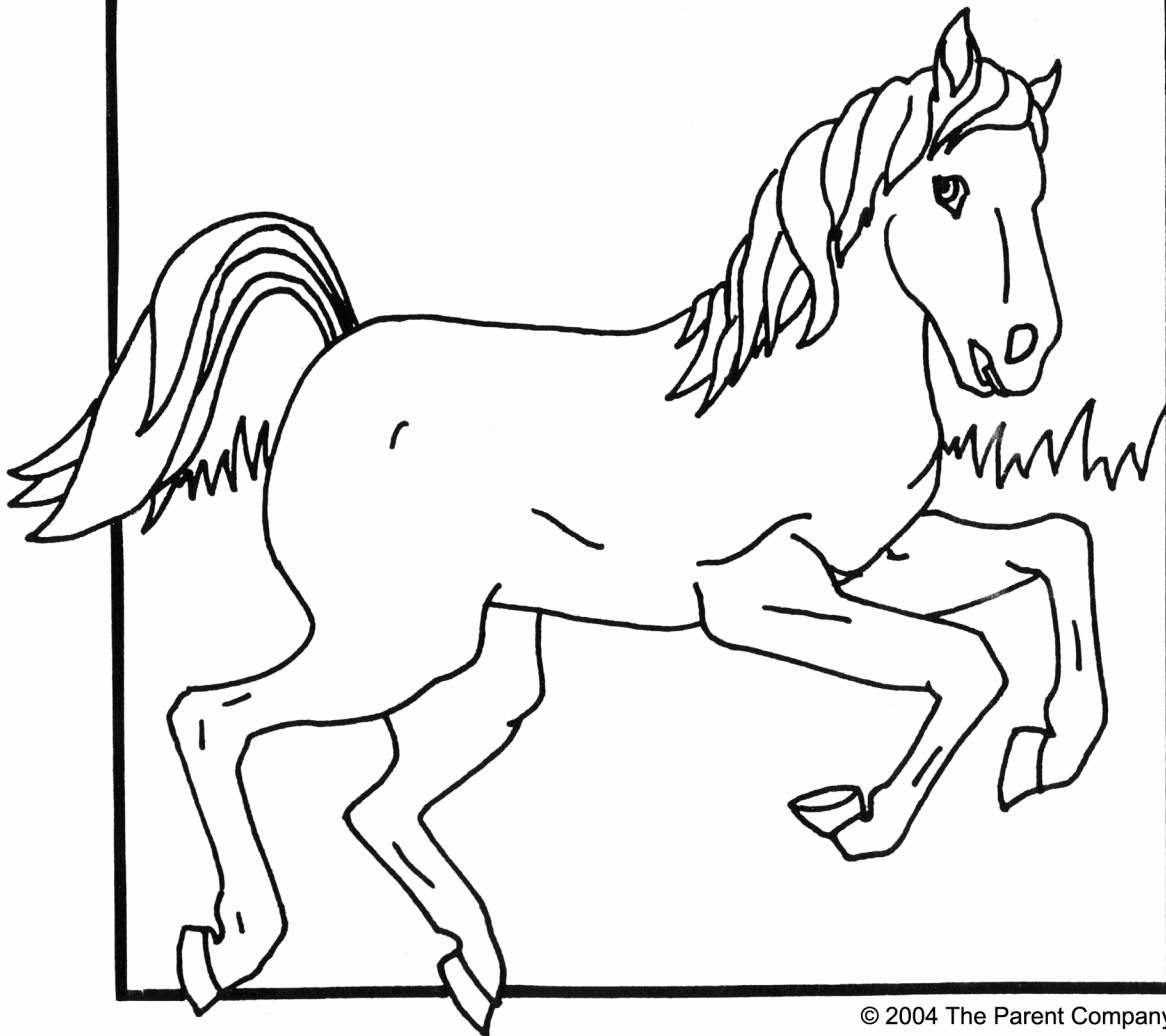

F is for FROG
hopping along,
That croaking you hear
is part of his song.

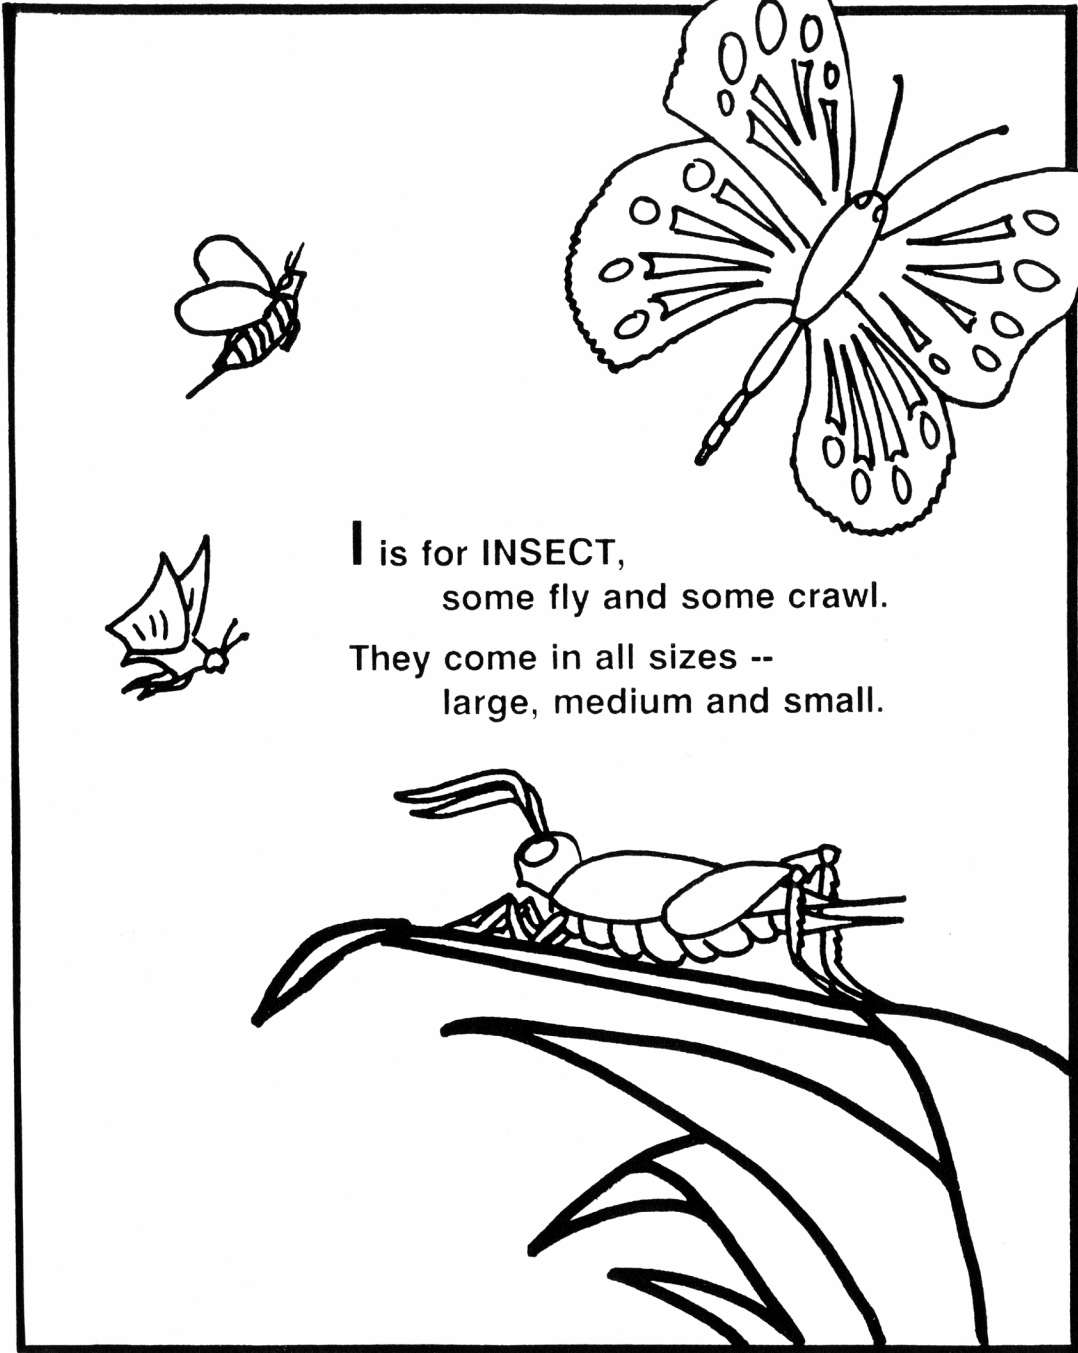

G is for GOAT
with a beard on his chin
With horns on his head
for just butting in.

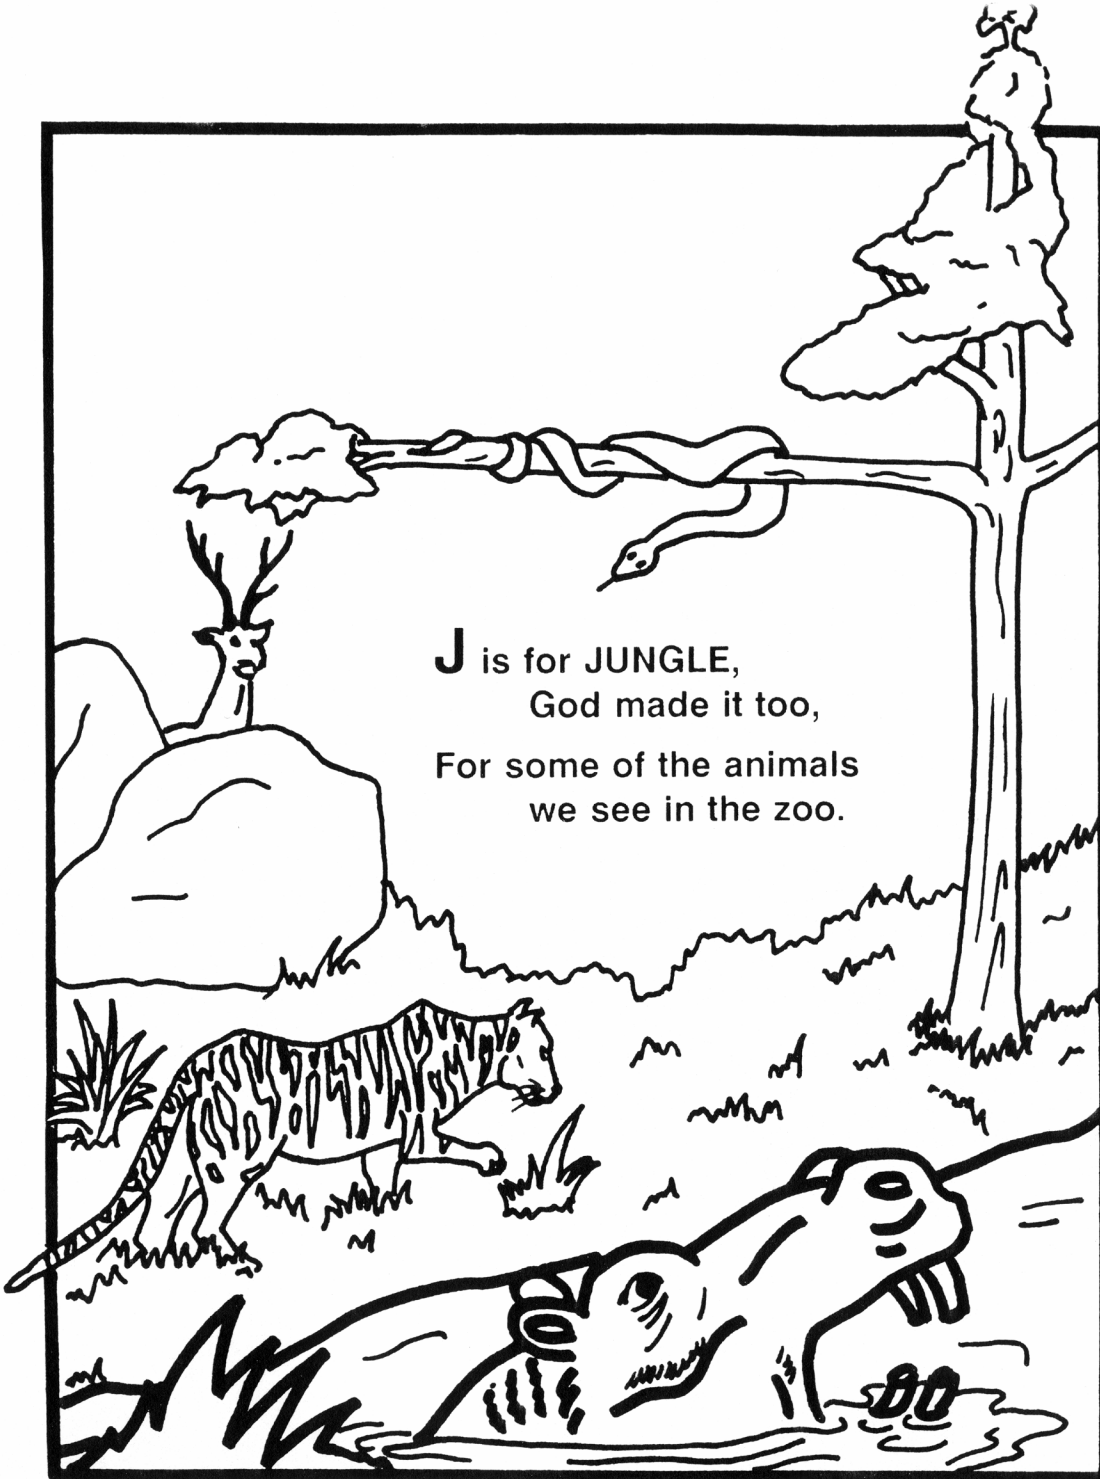

H is for HORSE,
running all day,
Created by God
in His special way.

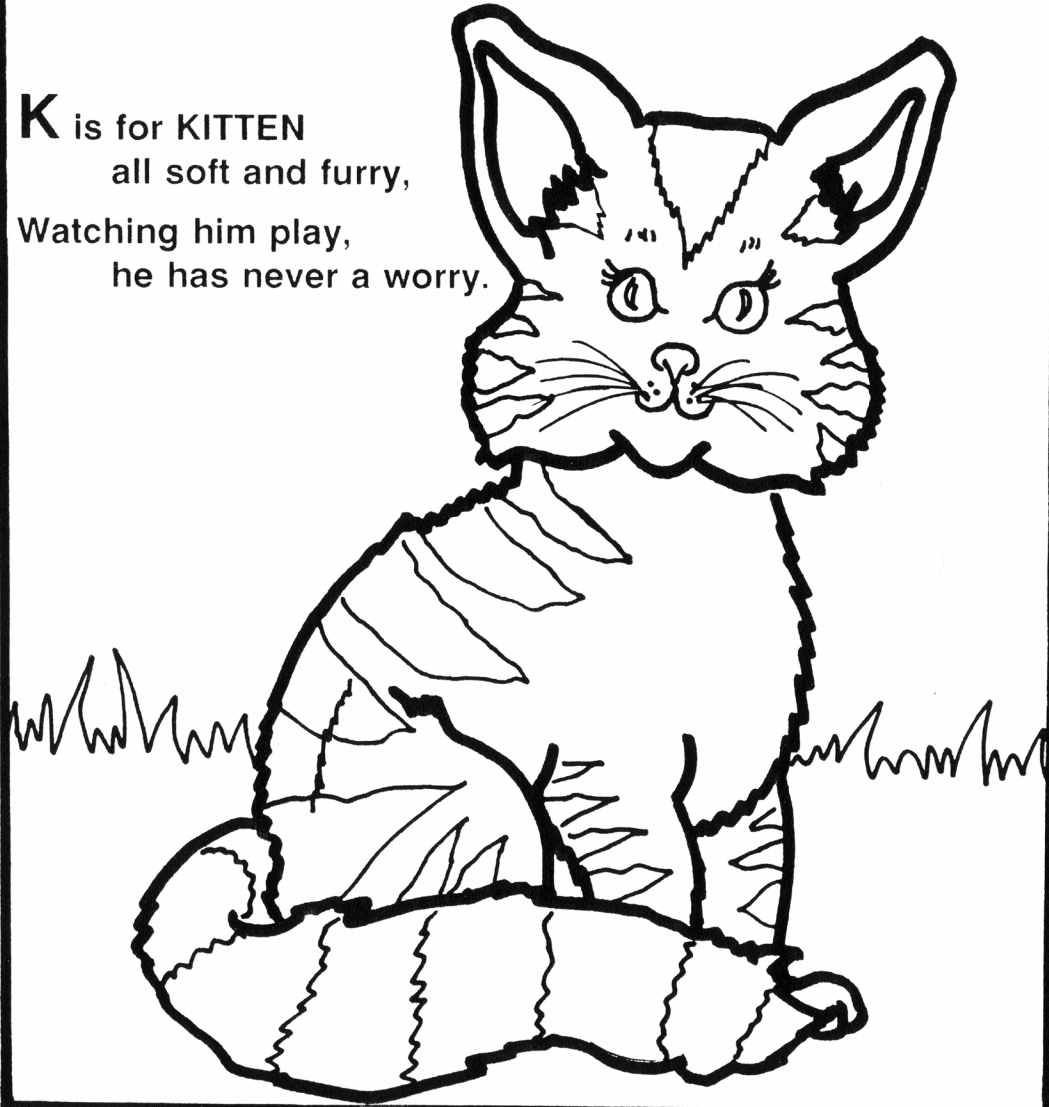

I is for INSECT,
some fly and some crawl.
They come in all sizes --
large, medium and small.

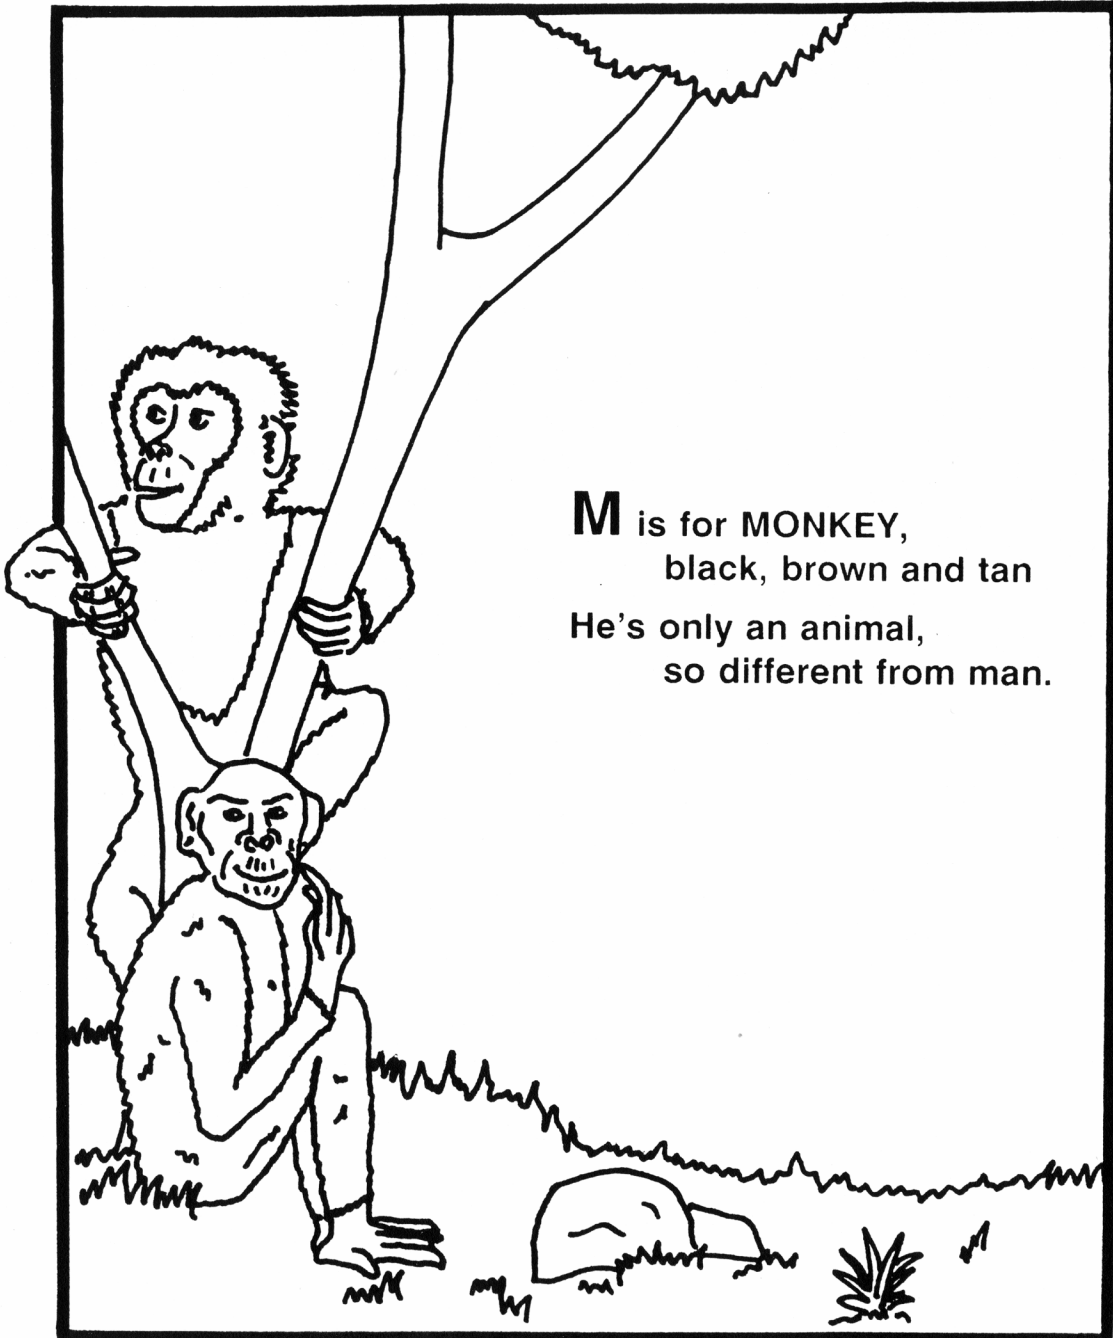

J is for JUNGLE,
God made it too,
For some of the animals
we see in the zoo.

K is for KITTEN
all soft and furry,
Watching him play,
he has never a worry.

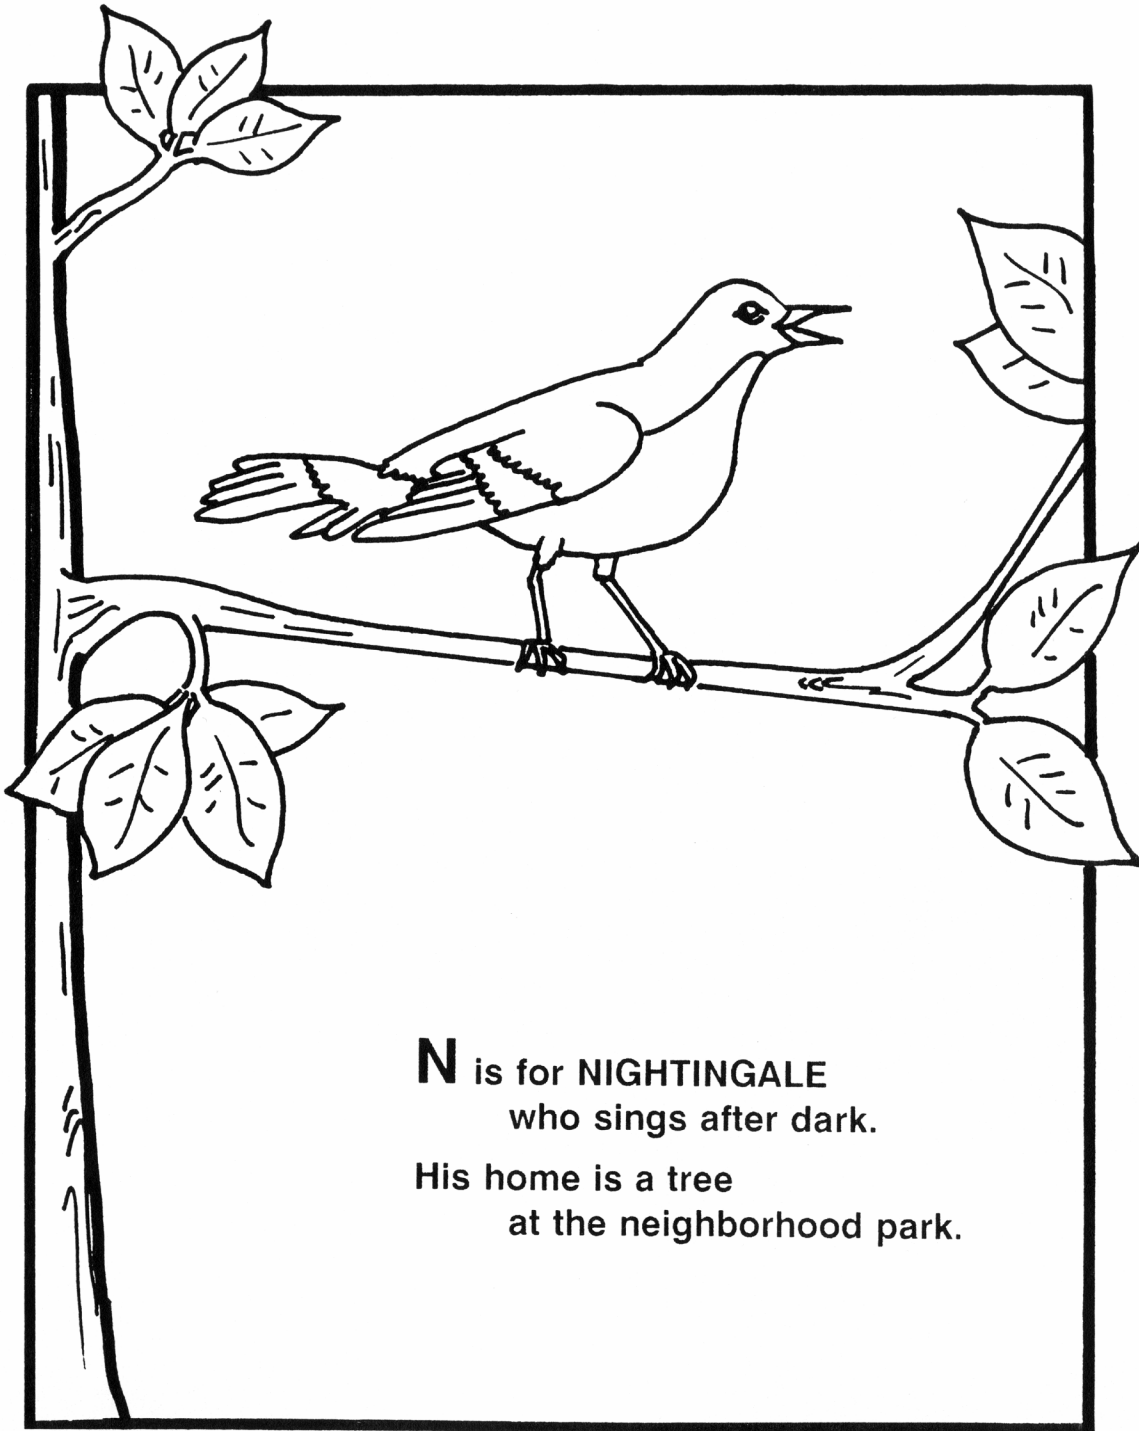

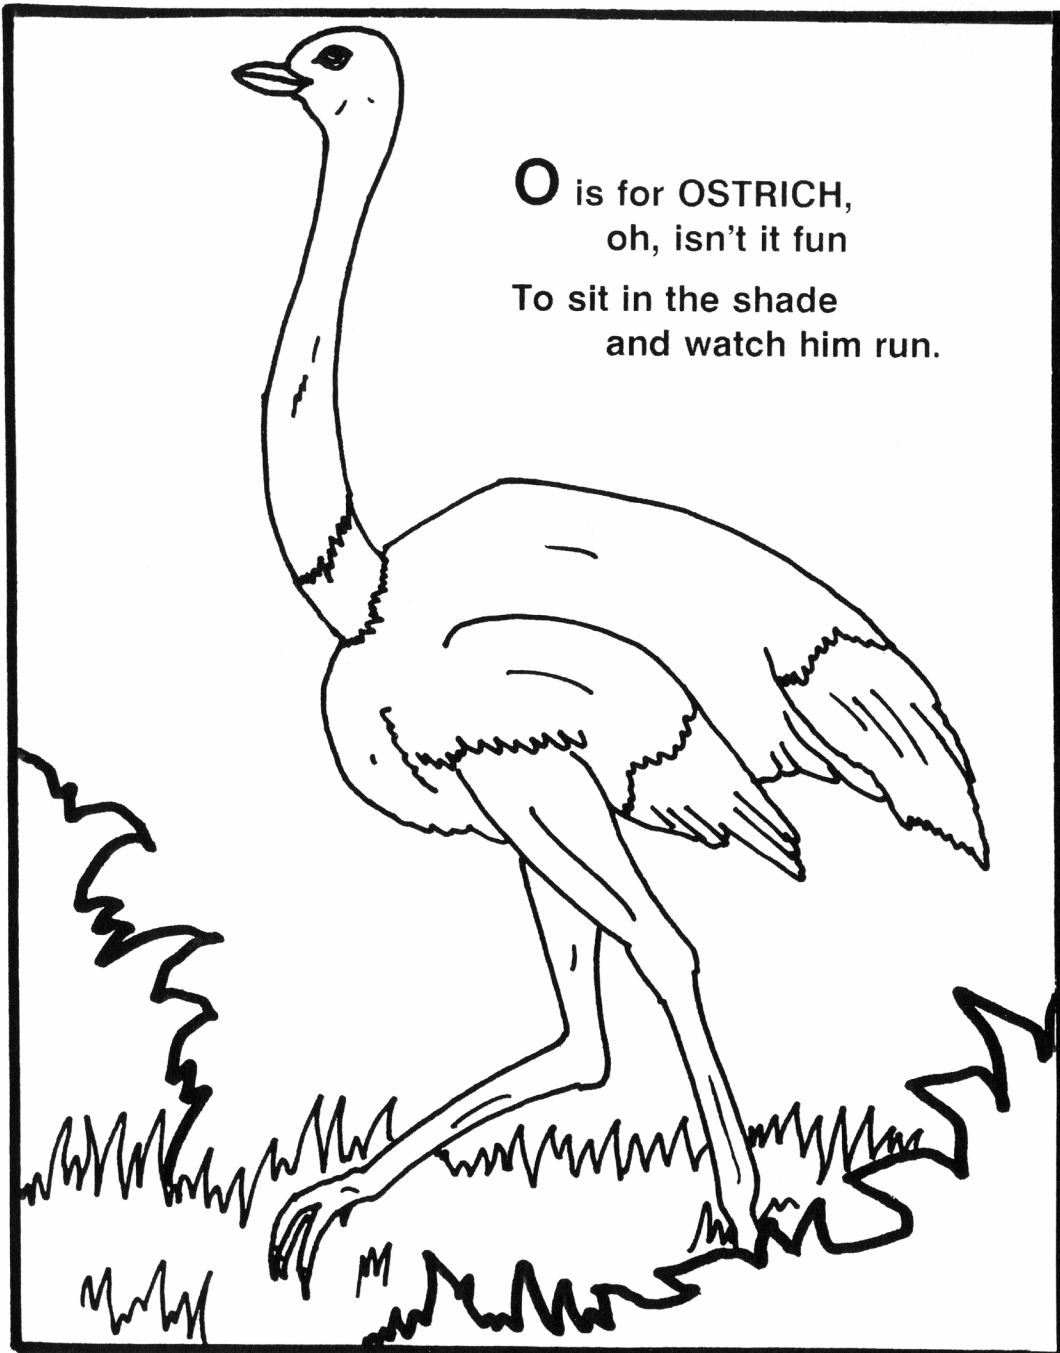

L is for LEOPARD
with spots on his face,
In fact, he has spots
all over the place.

M is for MONKEY,
black, brown and tan
He's only an animal,
so different from man.

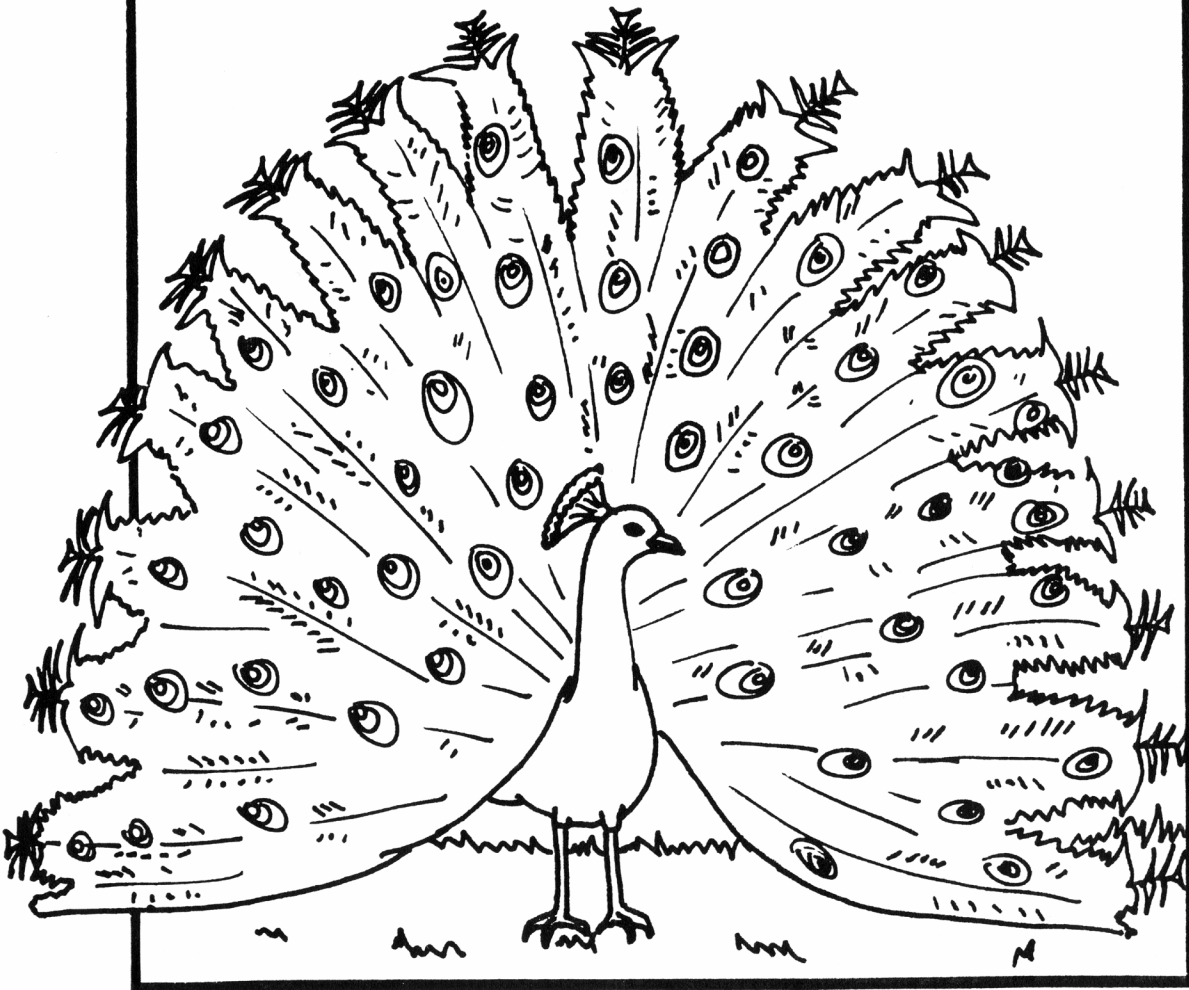

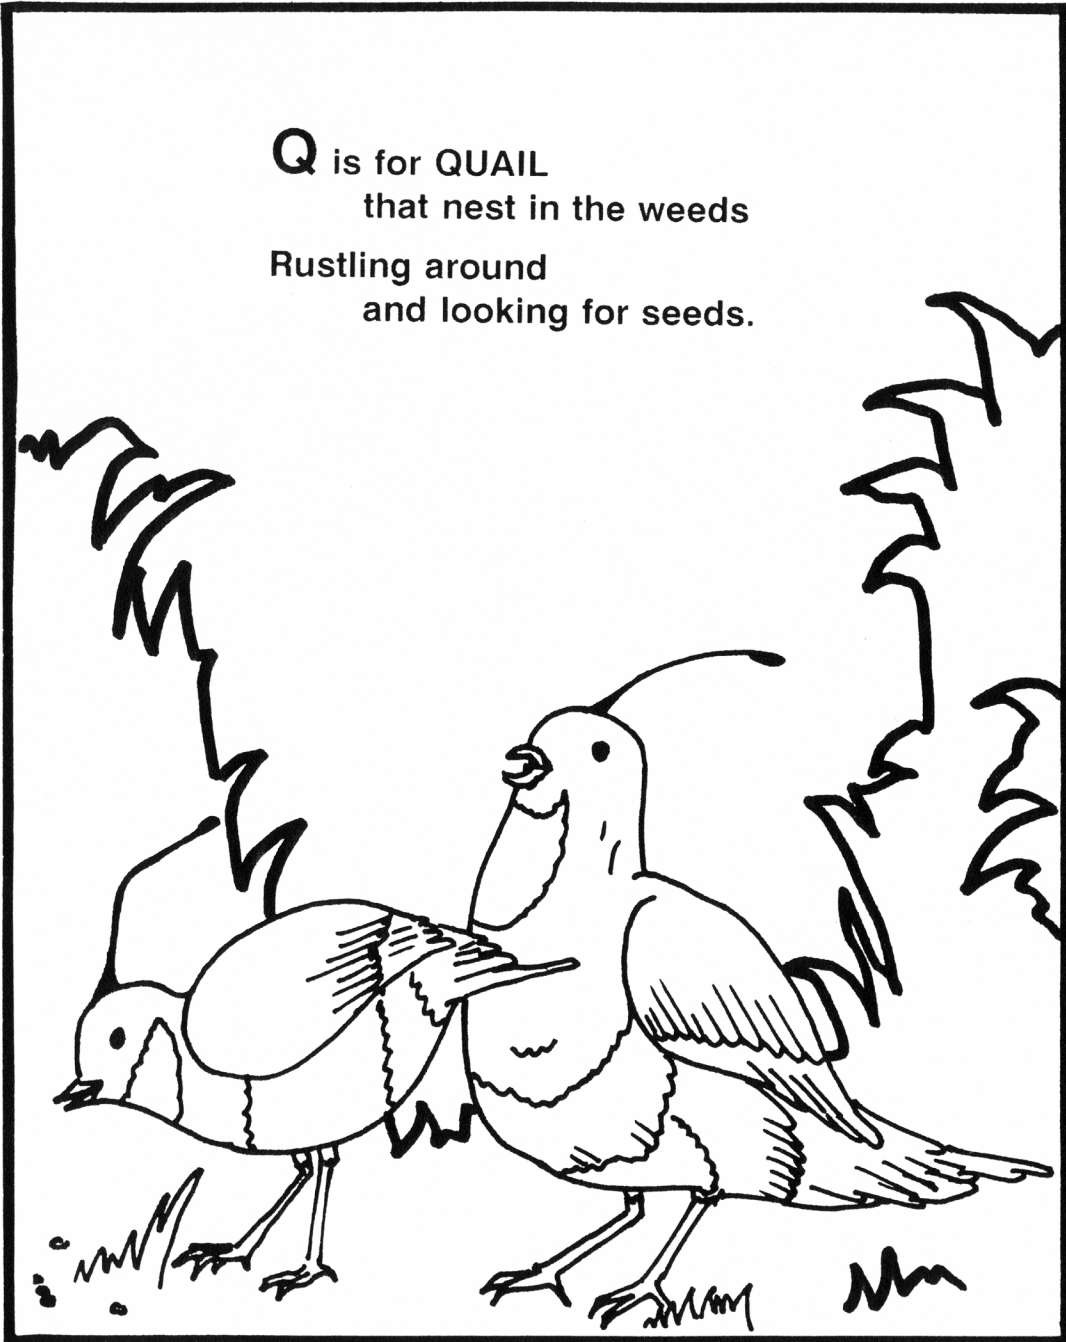

O is for OSTRICH,
oh, isn't it fun
To sit in the shade
and watch him run.

P is for PEACOCK,
a beautiful bird

To say it evolved
seems quite absurd.

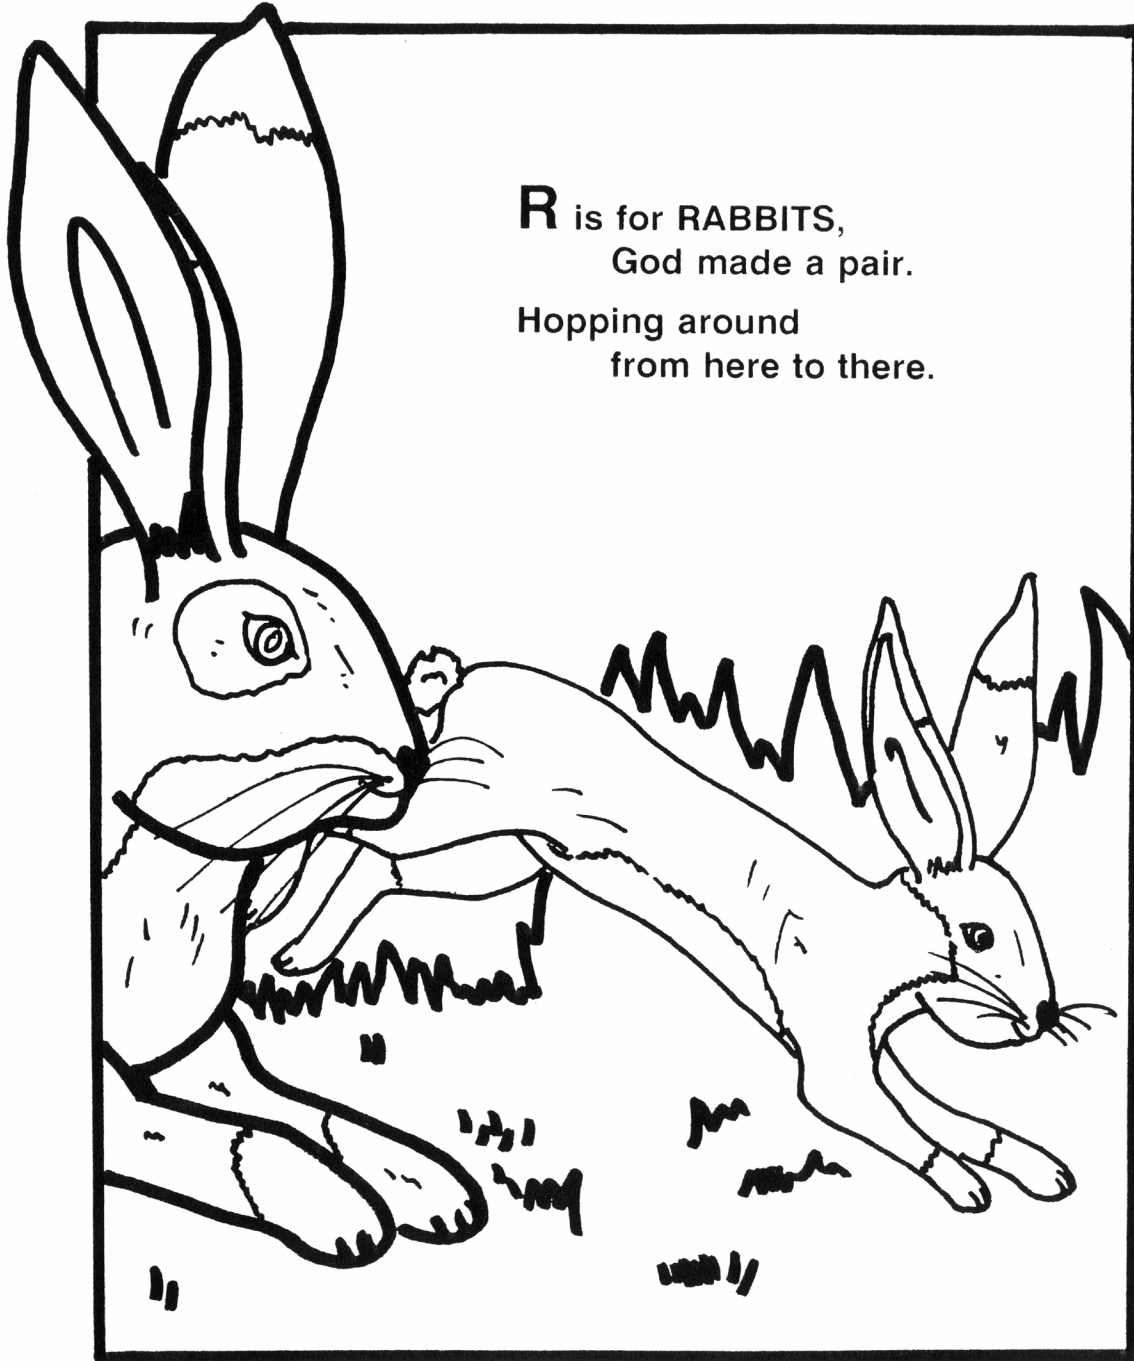

Q is for QUAIL
that nest in the weeds
Rustling around
and looking for seeds.

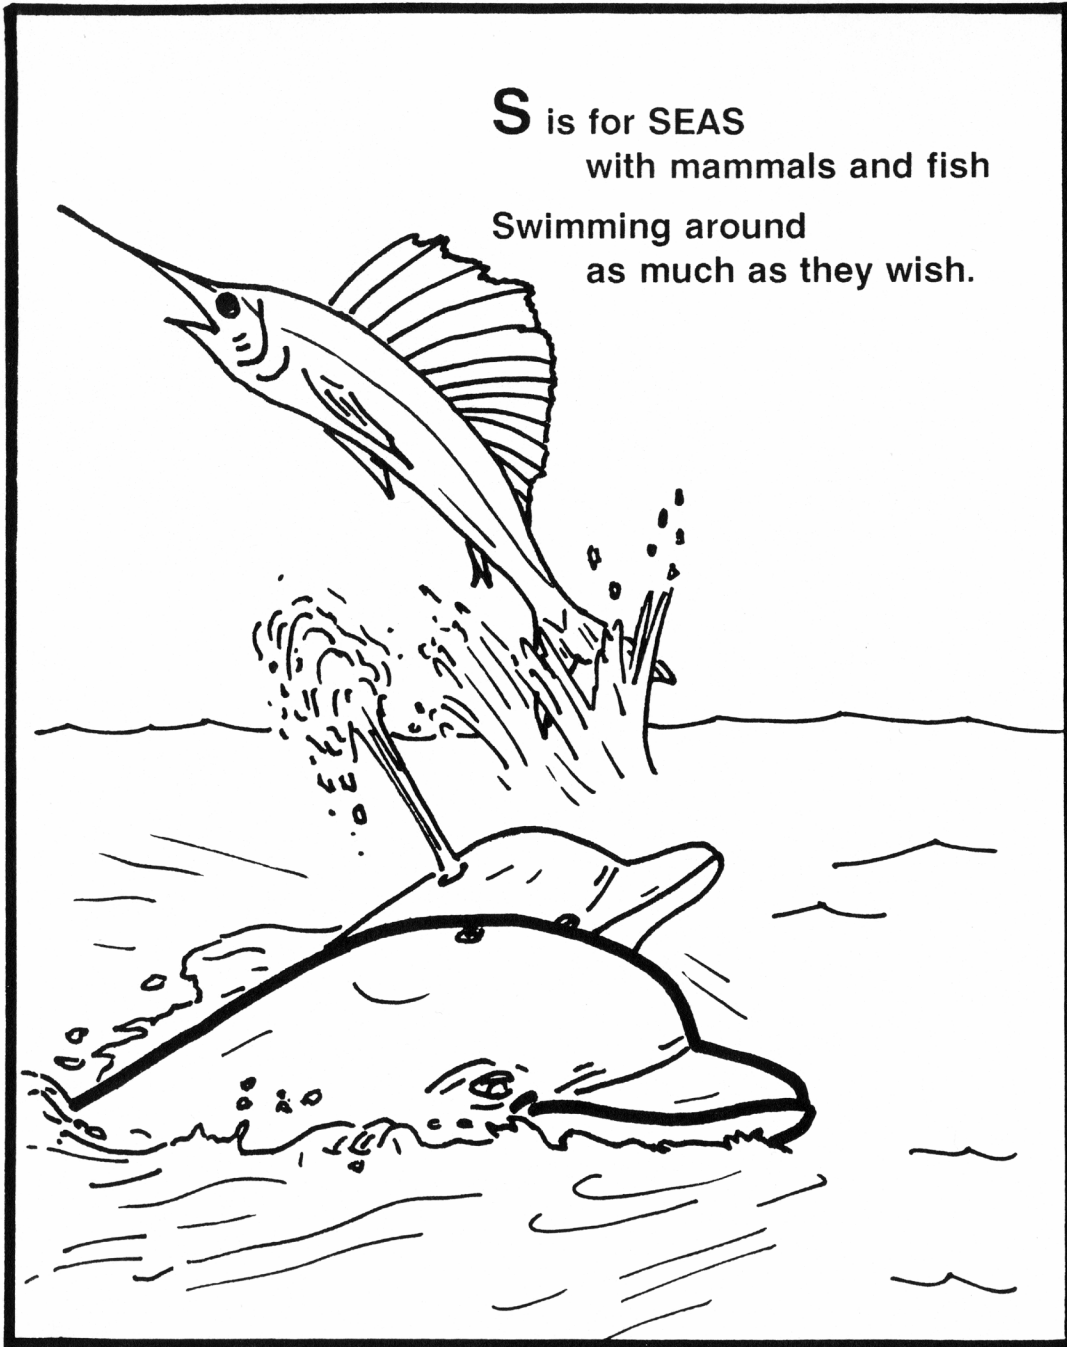

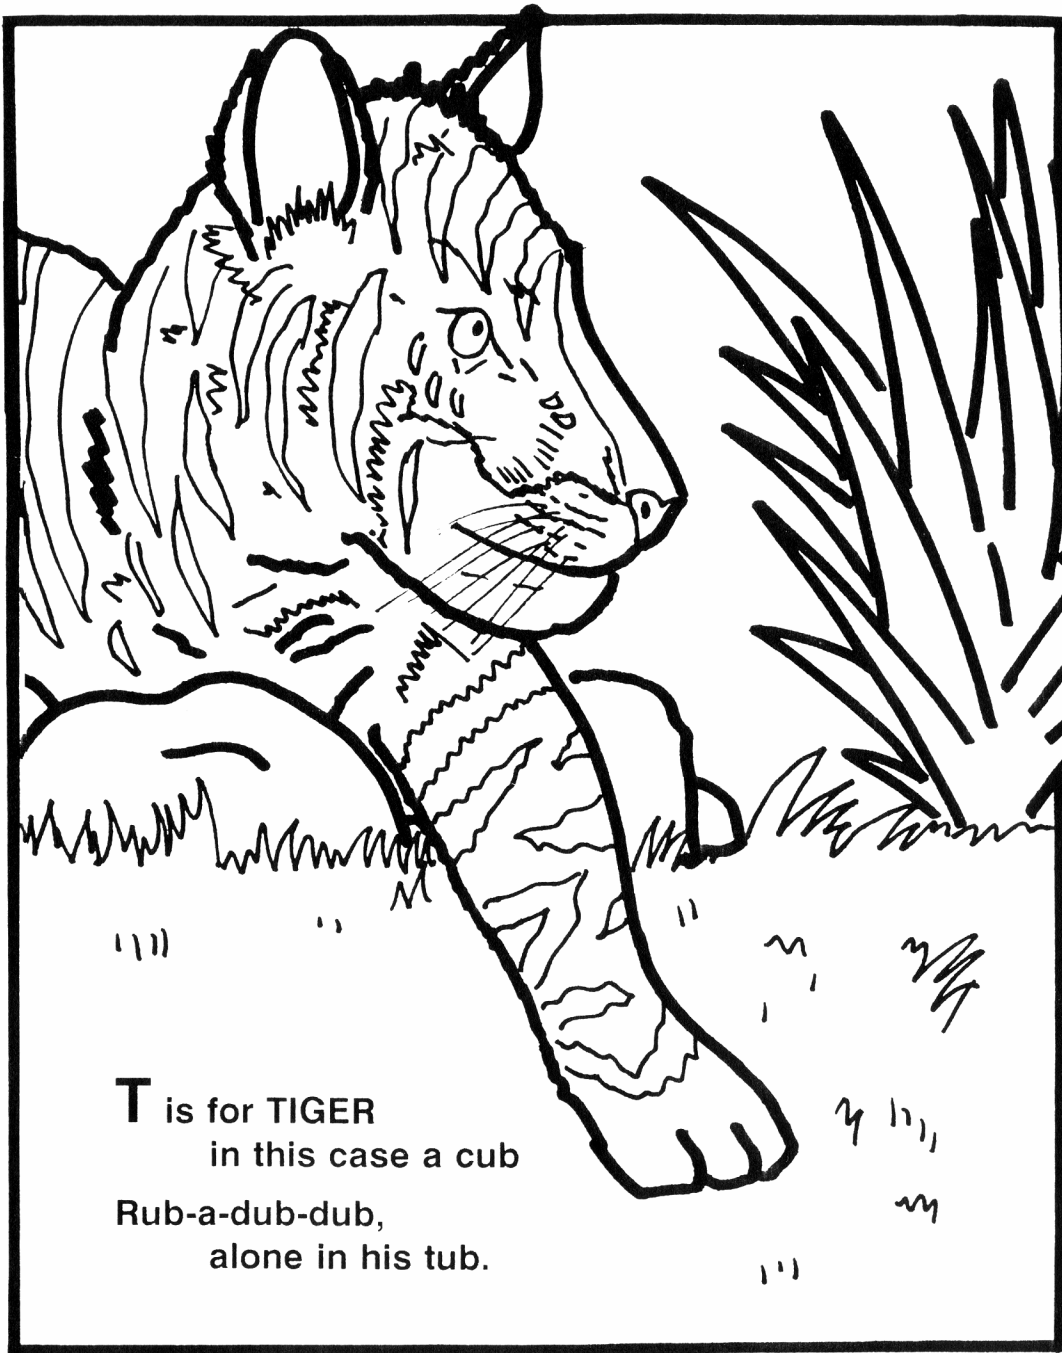

R is for RABBITS,
God made a pair.

Hopping around
from here to there.

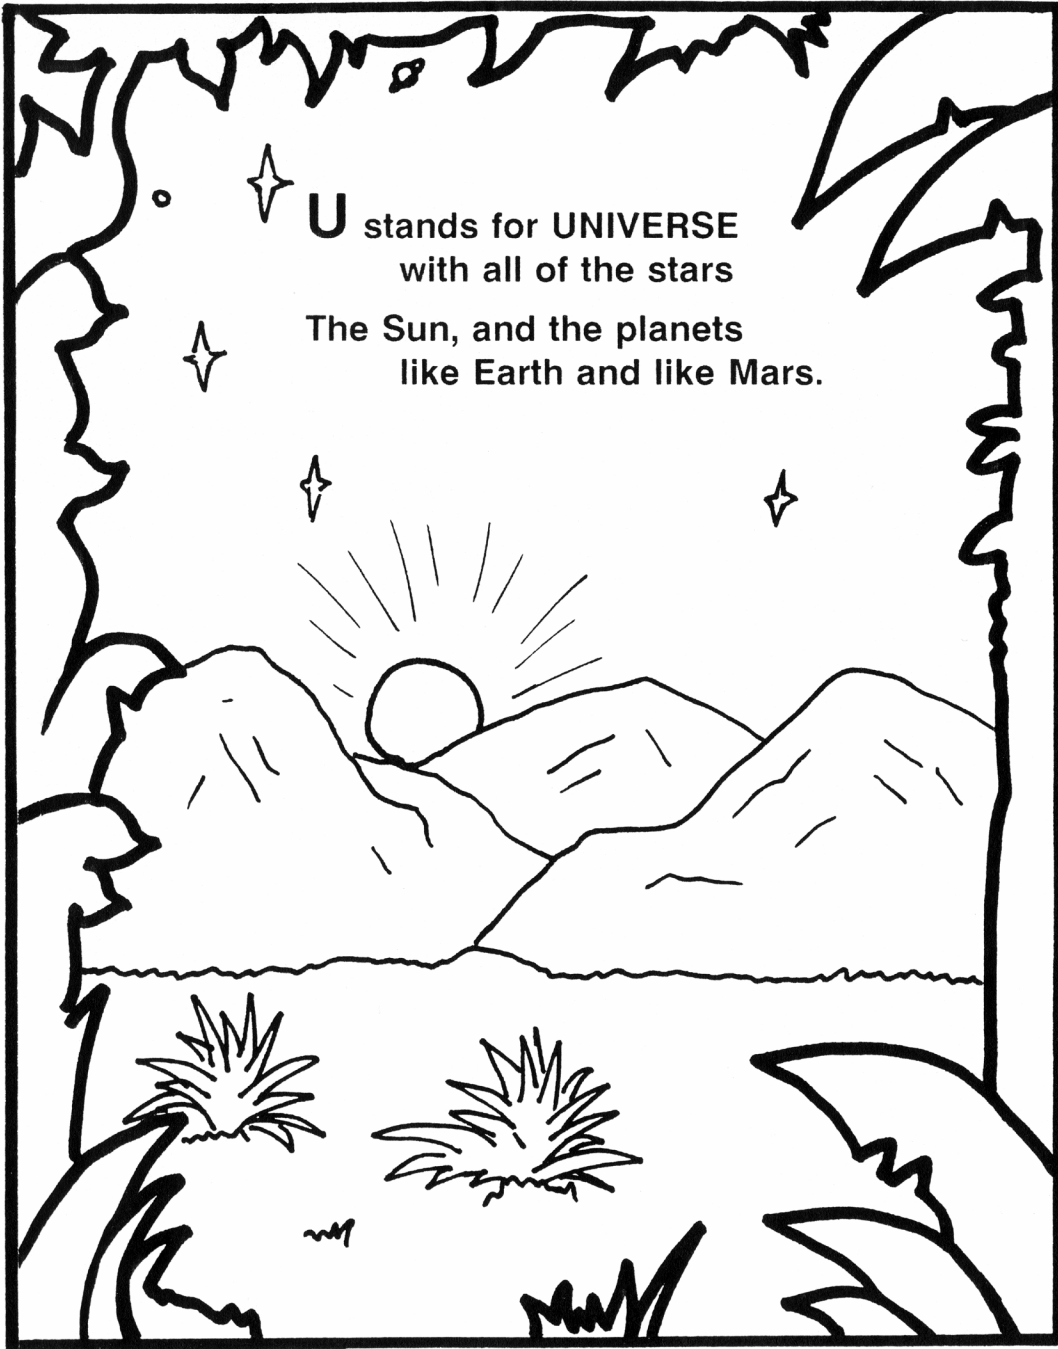

S is for SEAS
with mammals and fish
Swimming around
as much as they wish.

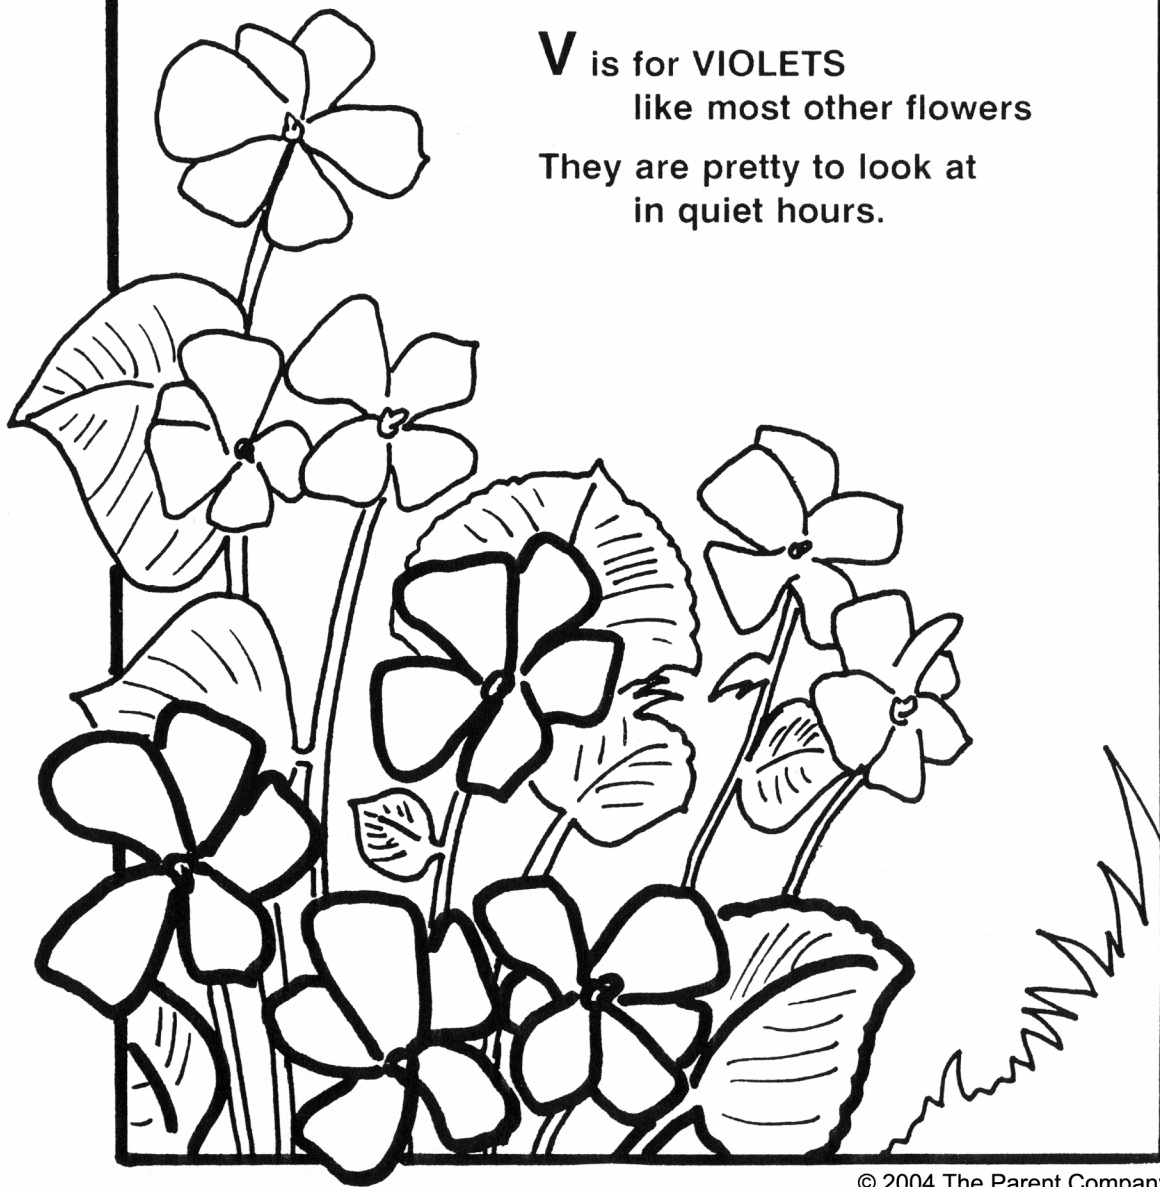

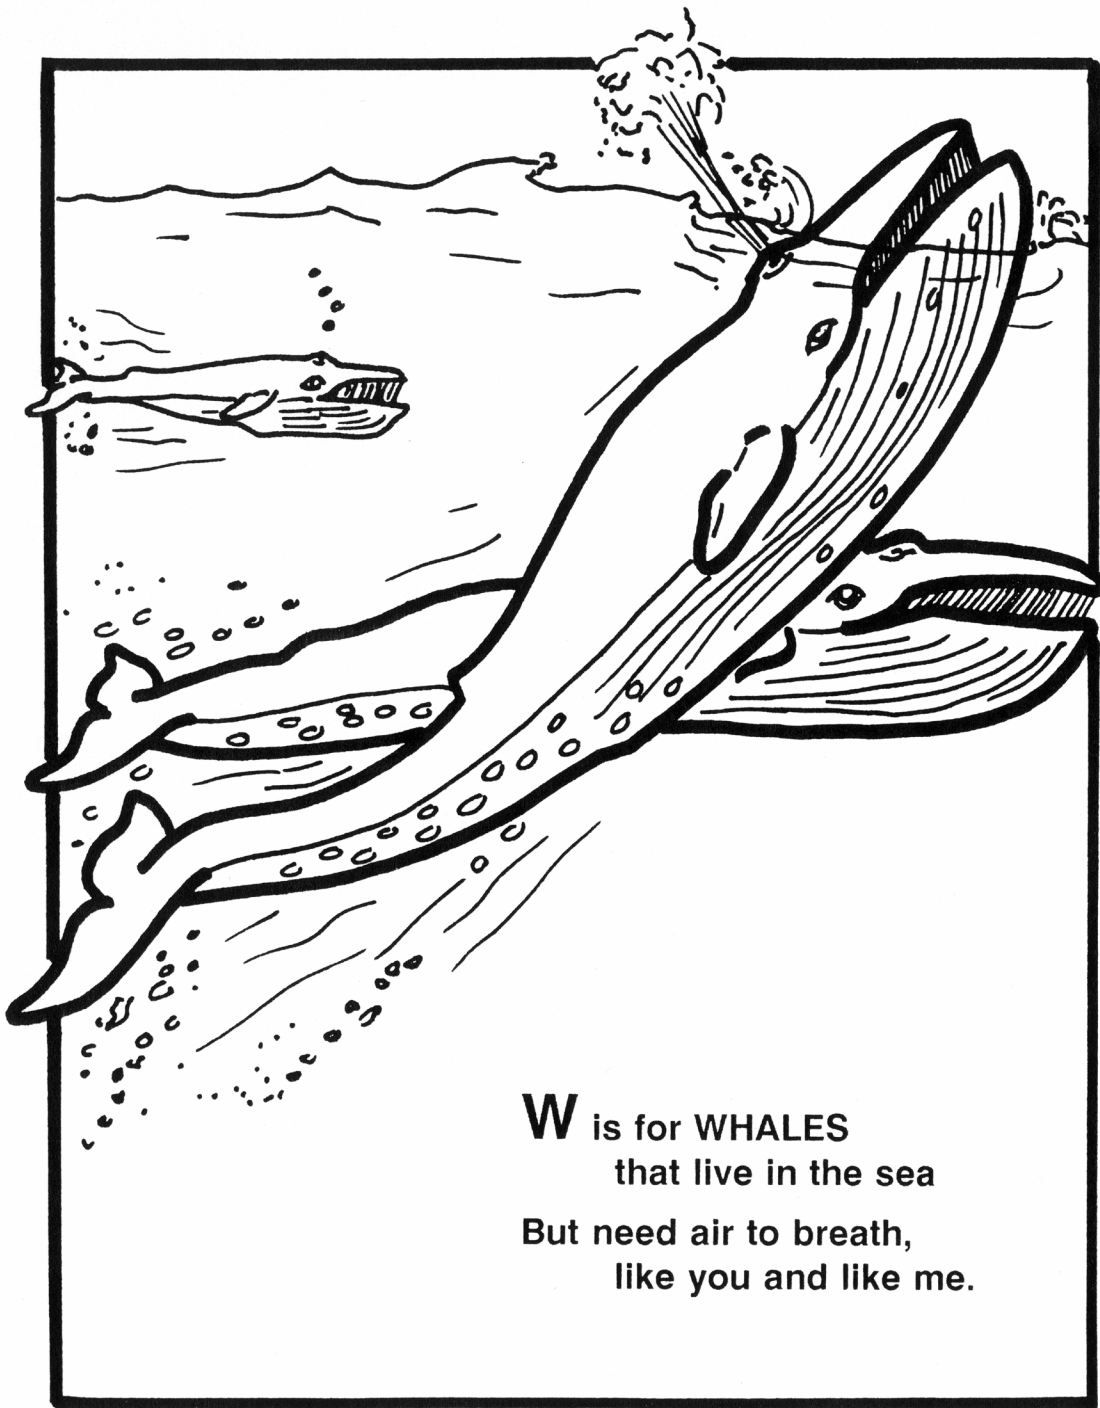

T is for TIGER
in this case a cub
Rub-a-dub-dub,
alone in his tub.

V is for VIOLETS
like most other flowers
They are pretty to look at
in quiet hours.

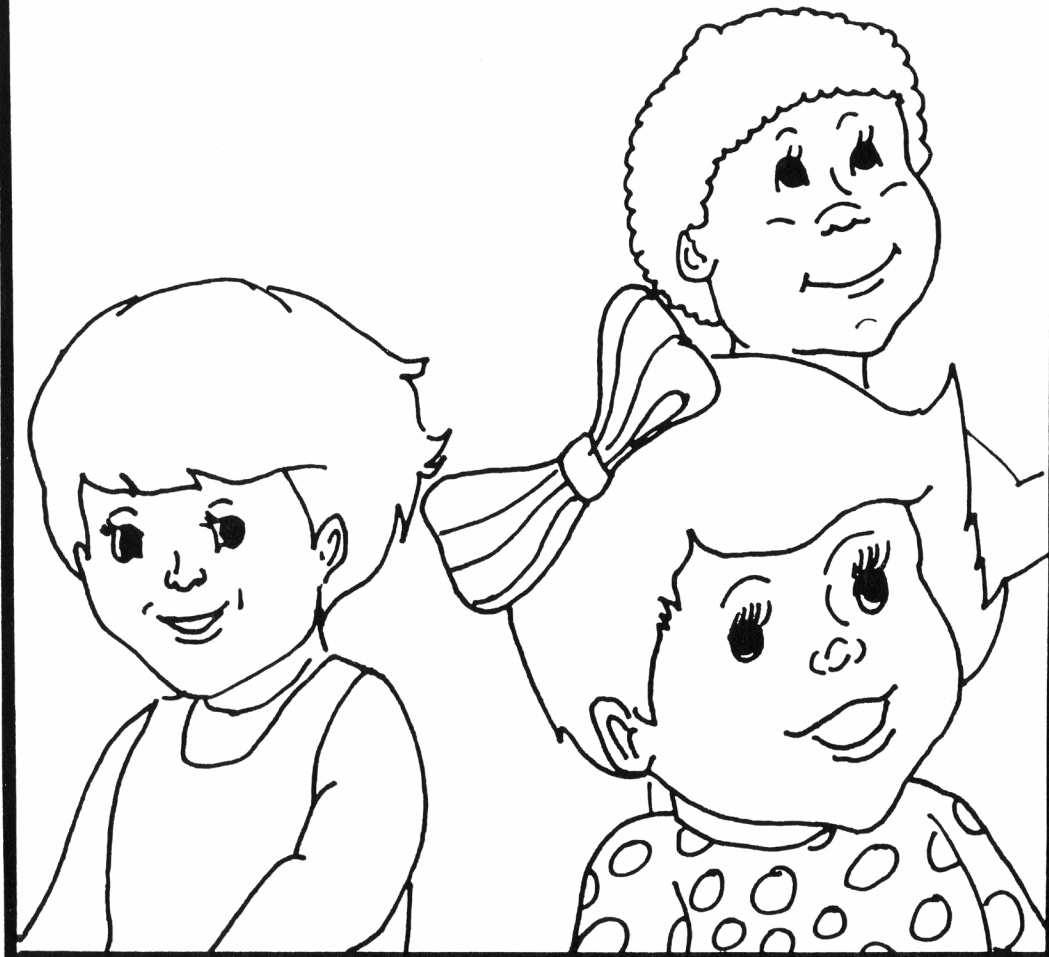

W is for WHALES
that live in the sea
But need air to breath,
like you and like me.

X is for XERUS
a squirrel you can see,
He lives on the ground
and not in a tree.

Y is for YOU
made in God's image
And certainly not
from animal lineage.

Z is for ZEBRA
with stripes white and black

God created him too --
and that's a fact!

God made this world with wonders to see
from the largest whale to the tiniest flea.

All I can say with a heart full of glee,
Is, "Thank you, God, for making me."
